Isha Anshu | QA Automation Engineer

Email: isha.anshu22@gmail.com **| Phone:** +91 9511763443 **| LinkedIn:** www.linkedin.com/in/isha-anshu **| Location:** Bangalore

Professional Summary

- QA Automation engineer with 5.3 years of experience in the area of manual and automation testing with a sound understanding of test script design, test execution and defect reporting & tracking.
- Well acquainted with Software Testing Life Cycle (STLC), agile methodology and BDD.
- Have implemented CI/CD pipelines.
- Worked in banking and telecom domains.
- Experience of working in robotic process automation (RPA).

Technical Skills

- Programming language: Python, Core Java, Sikuli
- Frameworks: TestNG, Cucumber
- Tools: Selenium Webdirver, JIRA, Gitlab, Jenkins, TFS
- Database: MSSQL, MySQL
- Knowledge of Powershell, Linux and Postman

Work History

Associate – Virtual Cash Management (Banking domain)
Cognizant Technology Solutions (Feb 2019 – April 2020)

Functional and Automation Testing using Selenium and Java, Cucumber and CI/CD

Roles and Responsibilities:
- Worked as a part of **agile** testing team, comprising of team members across countries and participated in sprint planning, refinement, retrospective meeting and daily stand up calls.
- Coordinated with clients and other vendors to work seamlessly as a single team.
- Created test scripts for test scenarios related to new features/defect fixes coming up in each sprint and performed manual testing on web applications.
- Experience of data-driven **TestNG** based test automation framework. Developed test automation scripts from manual testing cases using **Selenium** and **Java**.
- Developed a **cucumber** test automation framework from scratch and integrated it with the Jenkins pipeline.
- Implemented build and deploy pipelines in **Jenkins** and **TFS** to perform continuous integration and deployment of an in-house application.
- Performed **regression**, **functional** and **sanity** testing of web applications.
- Maintained test cases in **HP ALM**.
- Proficient in **Python** and **SQL.**
- Deployed deliveries to test environment and tested for bugs.
- Identified and tracked defects with **JIRA**.
- Maintained test automation framework versions using **Gitlab**.
- Liaised with the security team to validate the report on vulnerability findings and remediation compliance.

Technology Analyst – Telecom
Infosys Limited (Feb 2016 –Jan 2019)

Automation Testing using Selenium with Java

Roles and Responsibilities:
- Participated in creating a POM based data driven framework on **TestNG**.
- Developed scripts using **Selenium** and **Java** for the regression tests.

- Created test scripts and performed functional testing.
- Attended daily status calls with client.
- Version controlling was done using **Gitlab**.
- Logged in defects in **JIRA** and was involved in defect retesting.
- Mentored teammates on the above mentioned framework.

Systems Engineer – Telecom
Infosys Limited (Dec 2014 –Jan 2016)

Robotic Process Automation using Infosys Automation tool

Roles and Responsibilities:
- Worked closely with teams and gathered automation requirements.
- Evaluated the feasibility, resource requirement and manual effort saving of the workflow.
- Decided timelines and created easy to use documentation.
- Have designed and automated workflows using **Python**, **Sikuli** and Infosys Automation tool.
- Developed **powershell** scripts for generating automated reports.
- Involved in improvisation of automation framework. Implemented email functionality, database module and module to read data from excel files.
- Eliminated manual efforts leading to **reduction in team size by 30%** which in turn reduced costs and it was greatly appreciated by the clients.
- Visual Studio was used for maintaining the automation scripts.

Professional Skills

- Tolerant and flexible to different situations.
- Decision making, critical thinking, organizing and planning
- Team Management
- Adaptability and ability to work under pressure

Education

- **Bachelor of Engineering in Computer Science** *MBICT, Gujarat Technological University*	**Jun. 2014**
- **Higher School Secondary Certificate** *Kendriya Vidyalaya, Vadodara*	**Apr. 2010**
- **Secondary School Certificate** *Kendriya Vidyalaya, Vadodara*	**Apr. 2008**

Awards and Achievements

- **Award of Appreciation** *Honored with Award of Appreciation for Stellar Contribution to Infosys.*	**Dec. 2017**
